Free Content in the Westnet Neighbourhood

All Westnet Premium ADSL accounts include unlimited free traffic to numerous resources within the Westnet Neighbourhood, such as:

- PIPE, VIX and WAIX (depending on your state)
- Games servers
- File mirror servers
- Westnet Download Vault

Broadband Terms & Conditions

¹ No surprise bills! - Even if you go over your monthly allowance, the most you will pay in excess fees is \$30.00 for the month (10c/MB after 100MB). Your speed will be shaped to 72k once you have reached the \$30.00 excess cap.

² All other plans enjoy speed shaping - the choice is yours! - The monthly allowance specified in the table simply tells you how much you can download at your chosen speed (256k, 512k or 1.5Mb). Once you have reached your allowance you can still download, just at a reduced rate of 72k. This is called 'shaping'. If you manage to reach 120% of your allowance then we will shape you to 33k for the rest of that month only. Remember the Westnet Neighbourhood traffic feature (Premium accounts only) and all uploads are free for all accounts and are not subject to speed shaping. Don't want to be shaped? You can simply opt to pay \$10/GB of data should you wish to download at full speed at all times. You can select your preferred option during the signup process. Once you become a Westnet member, you can view and/or change your option at any time at <http://myaccount.westnet.com.au>.
